Simulation Center

We aim to be the bridge between classroom learning and real-life clinical experience to improved patient safety and quality outcomes.

The Center

The Simulation Center at MD Anderson is a 15,000 square foot state-of-the-art facility. We are purposed with "Advancing Excellence in Cancer Care" through the use of medical simulation.

The Simulation Center collaborates with multiple departments to assist with integrating medical simulation into current curricula. Simulation events can be implemented in the Center as well as in situ (occurs in the physical environment of the target audience) being that much simulation technology is mobile.

Medical Simulation

Medical simulation is an education technique that imitates the realities encompassing health care without putting actual patients at risk. The purpose of medical simulation is to replicate necessary aspects of health care in a safe and secure environment so that participants are more readily capable of managing situations when encountered in actual clinical practice. Medical simulation is implemented in three main domains: simulation education, simulation training and simulation assessment.

Visit the [Simulation Center's website](#) for additional information.

How Do I Get A Copy of My AHA Card

If you obtained your certification within the last two years at the Simulation Center, you were issued an eCard. Once you retrieve your eCard, you have access to the AHA website to reprint the card yourself.

What you Need:

- First Name
- Last Name
- Email Address (the one you gave when you attended class)

The email address does not need to be active. The address is one of three items required to search for your certifications. The page lists only active certifications. Any certification obtained greater than two (2) years ago will not appear.

About the Course

HeartCode BLS uses a variety of eLearning assets such as dramatizations, eSimulations, animations, self-directed learning, and interactive activities to teach students BLS knowledge and skills.

After completing the online portion, students attend a structured BLS Hands-On Session with an AHA Instructor. This session focuses on meaningful skills practice, debriefing, team scenarios, discussions of local protocols, and skills testing.

HeartCode BLS is for healthcare professionals seeking an alternative method for completing an initial or renewal BLS Course.

Course Content

MDACC Employee Fee \$ 55.00
Non-Employee Fee (Physician) \$ 55.00
Non-Employee Fee (Non-Physician) \$ 65.00

6. If you already have an account with Simulation Center, please **enter your username and password**. If not, please proceed to **creating an account**. Fill in all the highlighted fields and submit.

ADVANCED CARDIOVASCULAR LIFE SUPPORT - FULL CERTIFICATION (ACLS_FC)

Your deposit for this course is \$175.00. Please click the Pay Online button below to continue to the secure payment page.

IDT Code: If you do not have an IDT Code please click "Pay Online" below.

DEPOSIT POLICY

Your deposit will be collected if you do not attend class or send course cancellation via email to Simulation Center at least three (3) days prior to class start time.

CANCELLATION/REFUND POLICY

To receive a deposit or fee refund cancellations must be sent to SimulationCenter@mdanderson.org at least 72 hours prior to class start time. All materials must be returned unopened or course materials costs will be deducted from the deposit or fee.

Participant is responsible for the full amount of each applicable course fee and will not be admitted to a course until such course fees are paid in full.

To the extent permissible by law, MD Anderson is not responsible for any damages or losses (including, without limitation, participant's expenses, financial loss, loss of profits or other consequential losses) arising from the use of or inability to use this website or incurred by the participant as a result of registration for or participation in the Simulation Center Program or the inability or failure of participant to register, participate, or complete any course in the Simulation Center Program or for any decision made or action or non-action taken by participant in reliance upon the information provided through this website.

LATE ARRIVALS

Individuals that arrive greater than ten (10) minutes after a course start time will NOT be admitted to class.

By clicking the Pay Online button I agree to the above policy.

11. For BLS supply the IDT code that reflects your position:

UTMDA-NA or UTMDA-RN

13. The last screen will show that your **deposit has been accepted** and to **look for an email stating access to the course** within 2 business days of registration.

What to expect after registration?

- You will receive several emails after completing the registration process.
 - Registration confirmation for Simulation Center
 - Registration confirmation for BLS/ACLS Full course
 - Class confirmation (2 days/2 emails for ACLS)

Cancellation Policy

If you need to cancel your reservation for this course, you must email the Simulation Center at least three (3) days prior to the course start date. Due to instructor and catering expenses the cancellation policy is strictly enforced. There are no exceptions. Re-registration and associated fees are the responsibility of the participant. The following conditions are required for refund eligibility:

- Cancellation request is received 3 days before the course start date via email to the Simulation Center
- All course materials are returned to the Simulation Center -- unopened and in the original packaging.

Have additional questions?

The best way to receive help regarding the Simulation Center and the center website is to email **SimulationCenter@mdanderson.org**. You can always receive help by calling the Simulation Center at 713.792.8546. This number is answered weekdays from 8:00 AM - 5:00 PM.
